## Scaff-Pro 2.0 Harness

### Order Code

2031528 - medium/large  
2031529 - extra Large

### What is it?

This full body fall arrest harness is ideal for use with system scaffolds, where the metal decks can be very abrasive to the harness webbing.

### What can it be used for?

The Scaff-Pro 2.0 Harness is designed specifically for scaffolders working in demanding environments. Suitable for Fall Arrest and Work Restraint, it combines outstanding comfort, durability and protection.

### What can I use it with?

- SP140 Fall Arrest Lanyards
- DSL3 Energy absorbing lanyards
- Saverline Fall Arrest Blocks
- Gotcha2 Rescue Kits

### Who can use it?

Available in two sizes, suitable for workers up to 150kg when combined with SP150 lanyards or the DSL3 fall arrest lanyard.

### How long will it last?

- The product has a 10-year period of obsolescence.
- The lifespan may also be reduced by the effects of damage or wear and tear.
- The lifespan will cease at the point when any one of these conditions is met.
- The condition of the product must be controlled in accordance with BS8437:2005, this requires regular inspections to be carried out by a competent person.

### How has it been tested?

- Type tested and CE marked for Europe under the PPE Regulations to EN361 & EN358
- The SpanSet manufacturing process is quality controlled and audited by the British Standards Institute to the international standard for quality management ISO9001.

### What is it made from and why?

- **Steel quick connect buckles** make it fast and easy to put on /remove.

# Scaff-Pro 2.0 Harness

- **Supple 45mm UK-woven webbing** for all-day comfort and support.
- **SupraPlus-X wear sleeve** to protect the shoulder webbing from abrasive scaffold components.
- **Double coated black buckles** and attachment points for increased corrosion resistance
- **Hi-visibility lanyard parking point** keeps anchor hooks out of the way and allows efficient release if accidentally loaded.
- **Three bar webbing tidies** and knurled adjusters ensure webbing stays secure and will not creep while in use.

## Additional SpanSet Features.

- **Individual Serial Numbering** – All SpanSet height safety products are individually serial numbered for traceability.
- **IDX4U QR code** on the label takes the worker directly to product instructions, certification and video guides.

## What paperwork is supplied?

- Multilingual Instructions with pictorial guide.
- Individual Product History Card – This record card contains all the documentation required to maintain the product. The front forms the European Declaration of Conformity and the table on the reverse can be completed to for the inspection record.

## What training is required?

Although in itself this is a simple item to use, there are several stages that should be considered as part of the process as a whole. Training is available for all the stages outlined at the SpanSet training school in Middlewich or subject to suitability on a site of your choice.
